Smartaira Adds Yardi Interface; Creates Hassle-free Wi-Fi Onboarding for Voyager Customers

Automation simplifies the Internet experience for multifamily property teams and residents.

LOS ANGELES, Cal., December 11, 2023 – [Smartaira](#), a leader in community-wide [Managed Wi-Fi](#) innovation, announced today that it has added [Yardi](#) to its list of supported Multifamily Property Management Software (PMS) vendors for Smartaira 360.

[Yardi Voyager](#) is a web-based, fully integrated end-to-end platform with mobile access for larger portfolios to manage operations, execute leasing, run analytics, and provide innovative resident, tenant, and investor services.

The interface with Voyager allows [Smartaira 360](#) to access a community’s residential database securely. When a new resident moves in, an automated workflow triggers the creation of a Smartaira 360 account using the data from Voyager. Next, Wi-Fi credentials are generated and automatically sent to the resident via email and text message. The resident can log in immediately to the community-wide Wi-Fi—no additional equipment is needed, nor is an installation appointment required.

With PMS Integration, Wi-Fi Onboarding happens instantly and without human error.

[Watch the process](#) in this 1-minute video.

“We are proud to say that Smartaira 360 is now a qualified [Yardi Standard Interface Vendor](#),” said [Brian Wolverton](#), Chief Technology Officer at Smartaira. “Property Management Software (PMS) integrations have differentiated our Managed Wi-Fi offering for years. Yardi is a well-respected brand in the multifamily industry, and this new interface will improve operations for our current Yardi clients and open doors to prospective opportunities.”

“Our clients love our PMS integrations. Anything that helps speed up the move-in process and take the Wi-Fi burden off their onsite teams is appreciated,” said [Jake Perschon](#), Vice President of Operations at Smartaira. “With the Yardi Voyager interface, the leasing team’s typical Wi-Fi Onboarding tasks are now processed automatically by Smartaira 360. It’s truly a hassle-free experience.”

Yardi Voyager customers are invited to learn more about Smartaira 360 on our [Property Owners and Managers](#) web page.
